- The rating assigned to debentures amounting Rs. 22,000 (Issue II) by India Ratings & Research (Ind-Ra) is 'IND+A' vide letter dated 28 December 2016.

The debentures issued were listed on Bombay Stock Exchange (BSE). The rating assigned to the said debentures by India Ratings & Research (Ind-Ra) is 'IND+A' vide letter dated 8 February 2017.
- The ratios above are calculated as per following formulae:
 - Net worth: Equity share capital + compulsory convertible preference share capital + other equity.
 - Debt Equity Ratio: Long term debt/Net worth.
 - For the purpose of reporting on Debt Equity Ratio (DER) to lenders, subordinated loans are considered as equity and ECB loans are considered as part of the debt. In the above results, in similar manner, the ratio for period ended 30 September 2017 would have been 1.18 as against 1.66 shown above.
 - Debt service coverage ratio: (Earnings before Interest & Tax + Depreciation + Gain/Loss on financial instruments)/(Interest + Principal repayment of long term debts).

The interest on subordinated loan amounting to Rs. 1,382 has been accounted for pursuant to adoption of IND-AS. There is no probable cash outflow for such interest.
 - Interest Service Coverage Ratio: (Earnings before Interest & Tax + Depreciation)/(Interest Expense).
 - For the purpose of reporting on Interest Service Coverage Ratio (ISCR) to lenders, subordinated loans are considered as equity and interest on the same is not included in total interest cost. Had the Company calculated the ISCR including interest on subordinated loan, the ratio for half year ended 30 September 2017 would have been 2.69 as against 2.45 shown above.
 - Asset cover: Property, plant and equipment/Long term debt.
- For the purpose of reporting on Fixed Asset Coverage Ratio (FACR) to lenders, subordinated loans are considered as equity and ECB loans are considered as part of the debt on the date on which Hedged were taken. - Non convertible debentures are secured by:
 - first passu charge on movable, immovable assets, current assets, (both present and future).

 - first passu charge on intangible assets of the Company.

 - guarantee given by a group company for Issue I debentures.
 - first passu pledge of atleast 51% of equity shares and compulsory convertible preference shares of the Company.
- any other security as per demand by the debenture holders.
- The Company has disputes with Ujar Haryana Bijli Vitran Nigam Limited and Dakshin Haryana Bijli Vitran Nigam Limited (both referred here as Haryana Discoms) relating to (a) bills of commercial order of Unit 1, (b) applicable rate of capacity charges, (c) application of Unsheduled Interchange charges as per the Central Electricity Regulatory Commission (Terms and Conditions of Retail Regulations, 2008), (d) penalty for lower than threshold availability, (e) payment of capacity charges for the availability lost due to delay in approving procurement of alternate coal by the Haryana Discoms, (f) payment of coal transit loss, and (g) payment of railway staff charges, bank guarantee charges and other costs incurred in the purchase and transportation of coal. As on 30 September 2017, the total amount under dispute with Haryana Utilities and TPTCL is Rs. 44,525 out of which Rs. 31,169 is included under trade receivables and Rs. 13,256 is account of claim of Haryana Utilities against interchange charges. In respect of the stated disputes, the Company filed a petition with Central Electricity Regulatory Commission (CERC) against the Haryana Discoms and pursuant to a direction by the CERC, Tata Power Distribution Limited (TPDDL) and Tata Power Trading Company Limited (TPTCL) were also implicated. TPDDL also filed a petition against the Company claiming transmission charges purportedly incurred by it in Financial Year 2017-18 amounting to Rs. 3,200 owing to the low availability achieved by the Company in that year. Vide order dated 25 January 2016, the CERC has awarded its decision in respect of the said disputes. The disputes mentioned in (a) & (b) above amounting to Rs. 15,745 has been decided in favour of the Company. For the dispute referred in (c) above, CERC has also upheld Company's contention for application of Unsheduled Interchange charges. For disputes referred in (d) & (e) above amounting to Rs. 15,444, CERC has decided that the CERC is eligible for reimbursement of coal transit losses and other costs and the matter should be mutually settled with the Haryana Discom and referred to the Commission for approval. For the purpose of payment of capacity charges and delayed payment charges, the CERC has decided that the Company is assumed to have achieved availability of 55.05% against actual availability of 31.05% and that prayed for 75.56%. In respect of the above disputes, the Company has a provision of Rs. 10,706 on a prudent basis. In light of the CERC order, the Company has raised a claim of Rs. 81,646 and 2,950 with Haryana Discoms and Tata Power respectively towards capacity charges, refund of penalty towards surcharge and delayed payment charges. In view of the Haryana Discom's appeal to the Appellate Tribunal for Electricity (APTEL) against the said CERC order, no adjustment has been made in the books of account. The Company has also filed an appeal with the APTEL against the order of the CERC dated 25 January 2016 to the limited extent for considering the Plant's technical availability as account of claim of Haryana Utilities against interchange charges. In respect of capacity charges and penalty, TPDDL has also filed an appeal against the same order seeking refund of transmission charges. In respect of the petition filed by TPDDL against the Company, the CERC through its order dated 18 April 2016 held that the Company is not liable to pay transmission charges to TPDDL and directed TPDDL and TPTCL to pay capacity charges and refund the excess penalty deducted by it to the Company assuming the Company's availability as 55.05%. No adjustment has been made in the books of account by the management till the case is finally decided. All the cross appeals are pending before the APTEL for final hearing.
- In earlier years, some of the land owners from whom land was acquired for the project have filed petitions for enhanced compensation with the District Court of Haryana. The matters were heard before the District Court of Haryana which enhanced the compensation payable to the establishment of the owner. Both the Company as well as the farmers have filed appeals before the Hon'ble High Court of Punjab and Haryana challenging the enhancement orders of the District Court. In one of the appeals filed by the District Court, the court decided the issue in favour of the land owners. The Company has filed a special leave petition with the Supreme Court of India and the same has been granted by the Supreme Court of India for hearing of the appeal. The matter is to be decided by the Supreme Court. On the basis of the said order of the Supreme Court, the High Court of Punjab and Haryana has stayed the orders of the District Court with respect to other similar matters. On the same basis, the execution petitions and review petitions filed by the land owners have been stayed. The Company has filed a special leave petition with the Supreme Court of India to review the said order of the District Court. The matter is to be decided by the Supreme Court. The management is of view that compensation paid, if any, will be considered as change in law in terms of power purchase agreement and will be considered as pass through by way of enhanced capacity charges. Considering these matters management is of view that no provision is necessary as on date.
- Ordinary shares that have been converted in mandatorily convertible preference shares have been considered while computing basic and diluted earnings per share.

During the period in process, the consumption of coal inventories was reduced with a corresponding impact on closing inventories of coal.
